### Strange Negro Killed.

The Negro shot and killed Tuesday afternoon in Greensboro by Police-man H. B. Donnell, of that city, was buried Wednesday without being identified although the man who was left in the room at police headquarters. A deputy sheriff from Rockingham county was almost sure he was Dolph Moore, who served a term in the penitentiary for killing two lives at Greensboro. Moore, who lives at Pomona, looked at the dead man and said he was not his son; that Dolph was serving a term on the county roads of Guilford, and an investigation proved the man was not Dolph Moore. Chief of Police Scott, of Greensboro, received a letter from the sheriff of Stanley county, asking him to look out for and arrest a negro whose description fits the dead man fairly well, but it was not deemed advisable to send for Stanley's sheriff, and the body was buried at the city's expense. It is thought that he came from Charlotte, and that he may have been William Henry Brown, who was killed by a white man in the city of Charlotte.

**Tar Heel Topics.**

The annual meeting of the trustees of the State University was held in Raleigh last week in the executive offices, Governor Glenn being chairman ex-officio, presiding. President Venable presided over the annual report, showing the university in a most favorable and unrepresented position. There were six hundred and sixty students, one hundred and sixty more than a year ago. He estimated as needed for the appropriation of the State University and to erect necessary buildings during the next two years, and the Governor was asked to mention this in a special message to the Legislature. On the subject of the University, President Venable was appointed to represent the trustees in the present needs of the University to the committee on education. The following executive committee was appointed: E. B. Andrews, R. H. Battle, F. A. Bushie, J. S. Carr, J. W. Graham, T. S. Kenan, and R. H. Lewis. The Governor was authorized to appoint committee of visitors to the University of California, Los Angeles, and the University of Colorado, Springs, was elected professor of chemistry to begin July 1. President Venable stated

that the will of the late Mr. W. H. Shepherd had given to the University \$5,000 for the purchase of books for the Cameron Shepherd fund, the interest to be expended in buying books for the department of chemistry. A resolution was adopted appointing a committee to prepare memorials upon the life and character of Fred Phillips and Robert C. Mann, members of the class who have died since the last annual meeting.

Newa comes from Collettsville Monday of a serious cutting scrape which occurred there last Sunday night. It seems that John Bryson accused Cling Clarke of putting a dynamite in his pocket and blowing it up to place endangering the life of him and his family. Clarke denied it, and thereupon Bryson proceeded to whip Clarke. When they went together Clarke opened his knife and seriously cut Bryson across the forehead and back and from the right nipple to the left groin. Bryson is still living, and prospects for his recovery are good.

William Rinegar, who lived near Houstonsville, in Eagle Mills township, about 29 miles north of Statesville, hanged himself some time Friday afternoon in his stable. He was between 40 and 50 years old, and leaves a wife and two children. So far as can be learned the deceased was in fairly good health and no definite cause is assigned for the deed.

Dr. L. M. Durham died suddenly Tuesday night at his home on Ann street, Asheville, of a heart attack. He was 73 years of age, and one of the oldest and most highly respected citizens of the city. He was a dentist of recognized ability and was vice-president of the dental association of Asheville.

The committee on agriculture reported unanimously in favor of the sub-committee bill, providing two grades for cotton seed meal, the 7 1-2 per cent. grade to be branded as standard, and the 8 per cent. grade as high-grade goods. Also bills relieving the Agricultural Department from contributing \$10,000 to the current expense of the Agricultural and Mechanical College.

Governor Glenn has commuted the death sentence of Birch Morgan, convicted of murder in the first degree in Union county, to life imprisonment. The presiding judge and many other officials urged this course.

A colored man not known to anybody in the community was found dead near Parker's store, which is on the Fayetteville road about four miles from Raleigh, early Thursday morning. The negro was seen the day before by several persons who knew nothing about his or his presence in the community.

No. 11.

MR. HAYNE'S PLAN FOR HOLDING COTTON.

At the Cotton Growers' Convention in New Orleans, Mr. F. B. Hayne of that city proposed a plan to enable the farmers to hold their cotton, which appears to be worthy of note. He offers personally to take 10,000 bales of the surplus which now threatens the destruction of market values, and to store it under a protested agreement to hold it intact until October 1, 1905. Upon this he will advance 5 cents per pound on reasonable and ordinary commercial terms. He believes that at least 100 other individuals or business firms will enter into a similar arrangement, thus withdrawing 1,000,000 bales from the market and thereby give the "bears" a black eye. Mr. Hayne does not propose, as others have proposed, any needless expense in the connection, such as the shipment of the cotton to three or four central points and the building of temporary storehouses for its accommodation. He proposes the storage of the surplus crop at interior localities convenient to the farms that produced it and the avoidance of all unnecessary changes and outlays. He says:

"If this is done, and it can be done without the least danger, what cotton remains in the hands of the farmers will increase in value not less than \$10 per bale. The fact that 1,000,000 bales, if not more, would be carried over to the next crop, would cause a material reduction in acreage. If the cotton trade is absolutely assured that 1,000,000 bales will undoubtedly be added to the next crop, and the acreage for next season is really reduced in the neighborhood of 25 per cent., there is no question to my mind that this 1,000,000 bales will sell much nearer 10 cents than 6 cents.

"The warehouse time receipts will form an absolutely safe collateral, and a loan on the terms mentioned will be entirely safe, as far as the lender is concerned. Banking institutions and individuals have an opportunity to lend money for the next six months at a fair rate of interest on a collateral that could hardly be better, and it would undoubtedly, as far as I can see, enable the farmer to obtain a much better price for the balance of his crop."

Mr. Hayne's plan appears to be the most feasible one yet presented to the cotton growers. It is at least worth their consideration. Cotton that is held should be stored in a dry place, and elevated from the ground, so there will be no danger of damage to the staple.

### SHOULD SALARY OF THE JUDGES BE INCREASED?

A few days ago a bill passed the Senate to increase the salaries of the supreme and superior court judges from \$2,500 to \$3,500 per annum. If this bill passes the House it will mean an additional cost of \$21,000 a year to support our judiciary. Will the tax-payers get their money's worth? The advocates of the bill claimed that the salaries of the judges was not sufficient to get the best legal talent on the bench, and that many who accepted a judgeship did it at a sacrifice.

If this be true why is it that none of the judges have resigned their positions? And why is it that there is such a scramble during every campaign, among the best lawyers of the State, for these positions? If the judges are holding their positions at a sacrifice there are plenty of other good lawyers in the State that would be glad of their places. These places are not forced upon any one. If there is money to spare why not give more of it to the jurors who are forced to attend court whether they wish to or not. Many of the jurors at every court are country people who are forced to leave their farms and their business, at a financial loss, to serve as jurors for the sum of \$1 per day, which in many cases is not enough to pay his board and lodging, while he is attending court, while the judge, even at the present salary, receives between \$7 and \$8 per day for his services. We repeat, if there is money and to spare, why not let some of the country people get a whack at it?

### GLENN'S SILVER TELEGRAM.

When the bill to increase the salaries of supreme and superior court judges was before the Senate last Thursday some startling news in regard to the bill to increase the governor's salary was brought out. Before Governor Glenn was inaugurated a bill was introduced by Senator Scales to increase the salary of the Governor to \$5,000 per year. Just a few days before Governor Glenn was to be inaugurated he sent a telegram to one of the Senators not to pass this bill on his account. Senator Scales says Gov. Glenn did not send this telegram until he saw the bill could not pass in time to benefit him. Read the following extract from Scales' speech in the Senate Thursday:

"That bill was prepared by the closest friends of Gov. Glenn and with his knowledge and consent. I was requested by the friends of Governor Glenn, with his full approval, to introduce the bill with the expectation that it could be passed at the first of the session, before the inauguration, so that Gov. Glenn would receive the increase of salary during his term as governor. The bill met my hearty approval and I introduced it. The bill was before this body when Gov. Glenn sent his telegram."

So it now seems that Governor Glenn's Silver Telegram was not such a "magnanimous act." He wanted the increase in salary until he found he could not get the bill passed in time to benefit him and then he decided to have the bill withdrawn. Some of Democratic papers praised Governor Glenn for sending this telegram. We fail to see where any praise is due Governor Glenn for sending his telegram after he saw the bill could not pass in time to benefit him. According to Senator Scales, it is not the Governor's fault that he will not draw \$4,000 extra from the tax-payers during his incumbency.

### TO VOTE ON STATEHOOD TUESDAY.

The Statehood bill will come up in Congress again next week. The Senate has agreed to vote on the bill next Monday. In just what form the bill will be passed cannot definitely be foretold. Many believe that something like the Foraker amendment will be adopted.

That amendment provides that New Mexico and Arizona shall not be admitted to form one State unless the citizens of each Territory at a separate election favor it by a majority vote. In other words, the objection of a majority of voters in either territory would prevent the erection of a State. Still another important amendment provides for the erection of a State out of New Mexico alone.

The advocates of Statehood for Oklahoma and Indian Territory are now sanguine that it will be authorized at this session of Congress.

### NEWS AND OBSERVER SHOULD BE CONSISTENT.

The News and Observer has recently had a dream that "Public business must be transacted in the public." It's a pity that this idea did not strike the Observer while the investigation of the management of the A. and N. C. Railway was being conducted behind closed doors at Newbern last fall. Wasn't that public business? Didn't the State own the majority of the stock? Wasn't that investigating committee paid for their work out of the State's treasury?

And again, when a committee was appointed by Gov. Aycock last fall to select a site for the encampment of the State Troops, why wasn't their report as to the proper site for encampment made public. Wasn't the Governor a public official? Wasn't the committee paid for their work out of the State's money? And isn't the State Militia supported by the tax-payers of the State?

### OF FOR AND BY THE CORRUPT.

The Savannah News, in speaking of the South Carolina dispensary system, quotes Mr. J. G. Wolley, national leader of the prohibitionist, as saying that it is "of the corrupt, for the corrupt and by the corrupt." And yet the Simonites in North Carolina would establish a dispensary system in this State. And for what reason? And is it not reasonable to suppose that these dispensaries would be controlled by the same element in this State?

The next Convention of the Cotton Growers will be held in Asheville.

## WITH THE LAWMAKERS.

Representative McFarland, of Polk and Senator Wright, of Rowan have been called home on account of serious illness of members of their families.

Members of the Jamestown Exposition Co., will address the legislature to-day in behalf of the Jamestown Exposition to be held in 1906.

Messrs. Locke Craig and L. M. Bourne, lawyers of Asheville, are lobbying in the legislature in the interest of a Democratic dispensary for Asheville.

The Committee on Railroads of the Senate and House will give a public hearing Thursday afternoon to the advocates and opponents of the bill, doing away with first and second class passenger cars and fares in this State. One bill fixes the fare at three cents, the other at two and a half cents a mile.

### MAJ. BUTLER'S BILL.

The copy of this bill, including the comment on same, is taken from Sunday's Raleigh Post. "Major George E. Butler, Republican representative from Sampson, yesterday introduced the following:

"A bill to be entitled an act to repeal chapter 543 of the Public Laws of 1901, and chapter 751 of the Public Laws of 1903, appropriating annually (\$200,000) two hundred thousand dollars out of the State treasury for public education, and to substitute therefor an act for the appropriation of (\$200,000) two hundred thousand dollars annually out of the State treasury to be distributed upon an equitable plan of apportionment.

"The General Assembly of North Carolina do enact:

"Section 1. That chapter 543 of Public Laws of 1901 and chapter 751 of the Public Laws of 1903, be and the same is hereby repealed.

"Section 2. That the sum of (\$200,000) two hundred thousand dollars be, and the same is hereby appropriated annually, out of the State treasury for the benefit of the public schools, to be distributed to the counties of the State upon the basis of apportionment, hereinafter provided.

"Section 3. That the State superintendent of public instruction is hereby required to ascertain prior to the first Monday in January each year, the total number of children in each county in the State of school age, and the total school fund in each county in the State (special and local taxes not included), and he shall ascertain therefrom the average amount of money each county in the State has for each child of school age within said county.

"Section 4. The State superintendent shall therefrom make a statement showing the amount each county in the State is entitled to out of this (\$200,000) two hundred thousand dollars appropriation, in order to equalize as near as possible in every county in the State the amount of money to each child of school age for education.

"Section 5. That said statement shall be filed with the State auditor, who shall be on the first Monday in January of each year, upon the warrant of the State superintendent of public instruction, issue his warrant to the State treasurer, payable to the county treasurer of each of the respective counties entitled to the same, in the sum shown to be due each county by said statement: Provided, that in fixing such amount no consideration shall be had of any fund raised by special or local taxes in any of said counties.

"Section 6. No appropriation shall be made to any county, under this act, unless the county superintendent of schools, the clerk of the superior court and the treasurer of said county shall make affidavit that all fines, forfeitures, licenses and penalties, and return money belonging to the school fund have been so applied and that the constitutional limit of taxation has been reached in said county, and any officer who shall fail to perform the duties herein required, or shall knowingly make any misrepresentation of any facts in any respect required by this act shall be guilty of a misdemeanor, and upon conviction thereof may be removed from office, and may be fined or imprisoned in the discretion of the court.

"Section 7. That the State superintendent of public instruction shall include in his annual report a full showing of the amounts apportioned to each county under this act, and the basis of such apportionment.

"Section 8. That all laws and clauses of laws in conflict with this act are hereby repealed.

"Section 9. That this act shall be in force and effect from and after its ratification."

Maj. Butler claims that the plan of apportionment provided in the bill will equalize the school term over the State and will encourage economy in the expenditure of the school fund in the various counties. He further claims that the present plan of distributing this large fund encourages extravagance in the expenditure of the school fund, in that any county can, by increasing their expenditures for running expenses and by constantly increasing the salary of its teachers and its superintendent, fail to run its schools four months, but it loses nothing by its increased expenditures for its school machinery, which in many counties borders on extravagance, for that any county can call upon the State treasury to supply it with sufficient funds to make up its deficiency. Maj. Butler says that many counties one and two years ago ran their schools four months without calling upon the State for any assistance, but this year they have made application for from one thousand to three thousand dollars from the State. "Since these counties do not show any increased number of schools, or any decrease in their county school fund, it is rather strange that they are now calling for aid," said the author of the proposed bill.

"The plan of distributing this fund as now provided, is an incentive to extravagance, but the plan provided in this bill will promote economy in all the counties and will in my opinion increase the school term from four months, which we now have, to at least five months."

There was a lively time in the Senate Thursday when the Ward bill, increasing the salaries of the supreme and superior court judges, came up. This bill increases the salaries of the supreme and superior court judges to \$3,500. This is a raise of \$1,000 for the judges. One of the Senators said he would not support the bill unless the Governor's salary was increased also. (It will be remembered that Glenn sent a Silver Telegram, asking the legislature not to increase the Governor's salary on his account—after he found it would not be passed in time to benefit him). Senator Scales who advocated raising the judges' salaries alluded to the fact that the now famous telegram of Governor Glenn, asking the legislature not to pass a bill increasing the Governor's salary on his account, had been cited in this debate and Senator Scales went on to say that the newspaper praise of Governor Glenn in this affair was unjust and no credit was claimed by the Governor. According to Senator Scales the bill was introduced with the approval and consent of Governor Glenn and the latter only sent his telegram when it became apparent that there would be a fight on the measure and he did not want to embarrass his friends. Senator Williams declared that in his opinion the Senator from Guilford was not justified in going into this matter on the floor of the Senate.

### THAT SILVER TELEGRAM.

Governor Glenn Asked the Legislature Not to Increase the Salary of the Governor on His Account After He Saw It Would Not Pass in Time to Benefit Him.

When Senator Scales, of Guilford, was advocating the bill to increase the judges' salaries last Thursday, one Senator objected unless the Governor's salary was increased also. Senator Scales got wrathful and let the cat out of the bag about Glenn's Silver Telegram. We copy the following account from Friday's Raleigh Post:

"At this point Senator Scales made a statement that attracted interest. He said in part: "The Senator from Scotland (Mr. McLean) has dragged in the name of our great Governor, R. B. Glenn, in the hope that this may influence Senators to vote against this bill by citing the Governor's telegram asking that the bill designed to increase his salary be withdrawn. I cannot permit the name of our Governor to be used for this purpose without stating the facts in the case. That bill was prepared by the closest friends of Governor Glenn and with his knowledge and consent. I was requested by the friends of Governor Glenn, with his full approval, to introduce the bill with the expectation that it could be passed at the first of the session, before the inauguration, so that Governor Glenn would receive this increase of salary during his term as Governor. The bill met my hearty approval and I introduced it. The bill was before this body when Governor Glenn sent his telegram. Since then a number of newspapers have done Gov. Glenn an injustice in placing him in a false position. I know Governor Glenn too well to suppose that he wanted credit for something that he did not do. I have been twitted since by some of my friends and accused of trying to thrust a salary upon Governor Glenn that he did not want. I was perfectly willing to bear this and remain silent, but now when the Governor's telegram is used against this bill I must tell the facts. Governor Glenn sent that telegram asking that the bill be withdrawn not because he did not want more salary, but for the reason that he was informed that the bill was going to be attacked, and he wanted to save his friends any embarrassment."

### If the Baby is Outgoing Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle.

## BANNER CLOTHING EVENT OF THE SEASON.

Out goes all our Winter Stock at a GREAT SACRIFICE. The reason for the big cut in prices is a logical and sensible one. We are only prudent in pushing our present stocks before the Spring Goods put in their appearance. To carry stock over means not only to hamper the new goods, but it also means much dormant capital, insurance charges and loss from change of fashion. Hence our willingness to pocket any loss to effect a speedy and absolute clearance. NOTE THE CLEARANCE SALE PRICES AND TAKE ADVANTAGE OF THIS OPPORTUNITY.

### Here's Where the Shrewd Buyer Catches On

All Juvenile Suits less 33 1-3 per cent.  
All Boys' Long and Short Suits less 25 per cent.  
All Boys' and Youths' Overcoats less 33 1-3 per cent.

All Separate Trousers less 20 per cent.  
All Underwear, for Man or Boy, less 20 per cent.

Get There Ahead of Others! Have the Best for Yourself!

HATS FOR SPRING 1905 NOW READY.

S. BERWANGER, One Price Clothier, RALEIGH, N. C.

### A Bill Requiring Corporations to Report.

Washington, Feb. 1.—The House Committee on Judiciary today authorized a favorable report on a bill requiring all corporations engaged in interstate commerce to make annual reports to the commissioner of corporations of the Department of Commerce and labor.

### Shot Dead By His Brother.

Selma, N. C., Feb. 1.—Willie Morgan, a twelve year old boy, lies dead at his home, perhaps a mile distant from here. He was shot this afternoon by his older brother, a boy of fourteen. The latter was handling a flobert rifle he believed to be empty. He turned with a laugh on his lips, saying: "Look out, Willie, I'm going to shoot."

### Sen. Mitchell Indicted for Bribery.

Portland, Oregon, Feb. 1.—The Federal grand jury this afternoon indicted United States Senator John H. Mitchell for bribery on six counts in connection with the land frauds investigation.

## Your Heart

May Be Weak. One Person in Four Has a Weak Heart.

One of the surest signs of a weak heart is shortness of breath after exercise. Your heart is not able to pump the blood fast enough to your lungs. Some of the other symptoms of Heart Trouble are: Pains in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles; Cold Feet or Hands. No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc. If, therefore, you suspect heart trouble, begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a splendid tonic for the blood and nerves, and will revitalize your entire system. Finally, remember, Dr. Miles' New Heart Cure is sold under a guarantee that the first bottle will do you good. If it doesn't—your money back.

"I was afflicted with heart trouble for three years. I would be apparently all right, and without a moment's warning would fall as though shot. The attacks were frequent, and a terrible dread possessed me, as I never knew when or where, nor under what conditions I would be attacked, and whether I would survive them. I was consulted and was treated by some of the most eminent physicians of the state. Not finding relief from this source, I began taking Dr. Miles' New Heart Cure, and began to improve at once. I used ten bottles, which entirely cured me, as I have not had an attack for five years."—MRS. JOHN DREBACK, Leipzig, O.

FREE Write to us for Free Trial Package of Dr. Miles' Anti-Pain Pills, the New Scientific Remedy for Pain, Rheumatism, etc. Our Specialist will diagnose your case, tell you what is wrong, and how to right it. Free. DR. MILES' MEDICAL CO., LABORATORIES, ELKHART, IND.

### Administrators Notice.

Having qualified as the Administrator of I. J. Boyette deceased, all persons holding claims against the said deceased, are hereby notified to present the same duly proven within 12 months from this date or this notice will be placed in bar of their recovery. All persons indebted to said deceased are hereby notified to come forward and pay their indebtedness and save costs.

JNO. D. KERR, Administrator.  
This Nov. 21st, 1904.

### Strayed or Stolen.

One black Sow, marked, swallow fork in right ear and split in left ear. Left my place about one month ago. Will find pigs in January, 1905. Any one giving information that leads to the recovery of said hog will be rewarded for same. You can correspond with me at Delway, N. C.

Respectfully,  
B. A. MERRITT.

### WANTED.

DETECTIVE, Responsible, Sharp Daring Young Men everywhere. Experience unnecessary. Enclose stamp for particulars. Grandell's Detective Bureau, Philadelphia, Pa.

## FARMING FOR PROFIT

There is nothing too good for the Farmer; there is nothing too good for the Farm. Good barns, good houses, good wells, good fences, good stock, all on good land, under good management assure good profits. The good applies throughout. It must apply throughout, or it will not apply to profits.

Nowhere is discrimination more necessary than in the selection of fences. The farm must be fenced. Hence, select the best fence, the ELLWOOD FENCE.

The Ellwood is built like a bridge—braced, supported, tied; no stronger or more substantial structure possible. Ellwood fences will hold your hogs, cattle, horses, and poultry. Ellwood Fence has always been popular. It answers all purposes and never disappoints.

We have Ellwood Fences for sale, and at prices that will suit you. Come and see us—we have a bargain for you.

Yours Truly,

Hart-Ward Hardware Company,

RALEIGH N. C.

Three times the Value of Any Other.

One Third Easier.

One Third Faster.

The only Sewing Machine that does not fill in any point. Rotary Motion and Ball Bearings make it the lightest running machine in the world. Agents wanted in unoccupied territory. Send for circulars and terms.

Wheeler & Wilson Mfg. Co. Atlanta, Ga.

## TRINITY COLLEGE.

One hundred and seventy graduate and undergraduate courses of study in department of Literature, History, Science and Philosophy. Well-equipped laboratories in all departments of science. Large library facilities. Gymnasium furnished with best apparatus. Expenses very moderate. Aid for worthy young men. Broad and national spirit.

Trinity College Has the Largest Endowment of Any College in the South Atlantic States ::::

For catalogue and further information, address  
D. W. NEWSOM, Registrar,  
DURHAM, N. C.

## HORNER MILITARY SCHOOL. OXFORD, N. C.

Two Bishops, a Presiding Elder, a Superior Court Judge, and a great New York lawyer from one class. The best educational advantage in the South offered. The fifty-fourth year begins SEPTEMBER 7, 1904.

## FOR HIGH GRADE JOB PRINTING

CATALOGUE WORK, CALLON OR WHITE

M. J. CARROLL, Academy of Music Building Raleigh, N. C.

# THE CAUCASIAN

RALEIGH, N. C. Jan. 19, 1904

Entered at the Post Office in Raleigh, N. C., as second-class mail matter.

Mrs. Henry Watts, of Charlotte, was burned to death Tuesday. She had an epileptic fit and fell into the fire.

Smallpox Patient Nearly Well.

Chapel Hill, N. C., Jan. 30.—William D. James, the University student, quarantined with a case of smallpox, is almost well. The quarantine will be lifted within the next few days.

Yare Men Will Meet in Charlotte.

Charlotte, N. C., Jan. 30.—The hosiery yarn manufacturers of the south will hold an important meeting in this city next Saturday for the purpose of perfecting a permanent organization. A preliminary meeting was held in Atlanta Saturday, when a call was issued for the Charlotte meeting.

Bill to Repeal the South Carolina Dispensary.

The Legislature of South Carolina has introduced a bill to abolish the dispensary. But the fight there seems to be between the machine and the people, the people being in favor of the dispensary. There are too many remunerative jobs under the dispensary for the machine to give up without a severe struggle, and it is not likely that the bill will be enacted into a law at the present session of the Legislature.—Union Republican.

CHAPTER'S LOSE LAST CHANCE

They Will Now be Sent to Moundville Penitentiary.

Washington, Jan. 30.—The application for a writ of certiorari in the case of August W. Machen, Dr. Geo. B. Lorenz, Diller B. and Samuel A. Groff, convicted and sentenced to two years imprisonment and a \$10,000 fine each for conspiracy to defraud the government, in connection with the sale of letter box fasteners to the post office department, was denied by the supreme court of the United States this morning, without comment.

This deprives the defendants of their last chance of evading punishment in the courts, and they will be sent to the Moundville (W. Va.) penitentiary.

Machen was seen immediately after the decision of the supreme court had been rendered, but he declined to make any statement.

Machen was superintendent of the rural free delivery from the date of the organization of that department until a year ago, when he was arrested and after a lengthy trial sentenced by Justice Pritchard.

President's Message on Marriage and Divorce.

Washington, Jan. 30.—The President today sent to the Senate the following message relating to the subject of statistics on marriage and divorce in the several States:

"I call the attention of the Congress to the fact that no statistics have been collected by the Federal government upon the subject of marriage and divorce since the year 1886, and that but few of the States have provisions for the collection of such statistics.

"The institution of marriage is, of course, at the very foundation of our social organization, and all influences that affect that institution are of vital concern to the people of the whole country. There is a widespread conviction that the divorce laws are dangerously lax in some of the States, resulting in a diminishing regard for the sanctity of the marriage relation.

"The hope is entertained that co-operation among the several States can be secured to the end that there may be enacted upon the subject of marriage and divorce uniform laws containing all possible safeguards for the security of the family. Intelligent and prudent action in that direction will be greatly promoted by securing reliable and trustworthy statistics on marriage and divorce. I deem the matter of sufficient general importance to recommend that the director of the census be authorized by appropriate legislation to collect and publish statistics pertaining to the subject covering the period from 1886 to the present time."

GRAVE TROUBLE FORESEEN.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by all druggists, at 50c a bottle.

ACONIZING BURNS

are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully; that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar. Also heals all wounds and sores. 25c at all druggists."

## Proceedings of the Legislature

(CONTINUED FROM FIRST PAGE)

THE HOUSE—TUESDAY.

The bill to incorporate the Winston-Salem Southbound Railway Company was ratified.

The following are the most important bills introduced:

Winborn—To provide for allotting homesteads for lands held in common.

Gordon, of Guilford—To fix salaries of Guilford county officers.

Woodard, of Wilson—To allow register of deeds to administer oaths on accounts.

Roberts—To submit to voters of Marshall the establishment of saloons or dispensary.

Woodard, of Pamlico—To amend the charter of the Oriental and Pamlico Sound Railway Company.

Gayle—To regulate the hours of labor in manufacturing establishments.

Graham, of Lincoln—To promote the use of school books in the public schools relating to North Carolina history.

Passed final reading—

To allow Caswell county to levy special tax.

To authorize Dare county to levy a special tax.

To amend the law of 1903, and to increase the number of trustees of the Morganton graded school.

To allow Sampson county to issue bonds and for a special tax.

THE SENATE.

The following new bills were presented:

By Turrentine—To require fire-proof repositories for county records.

By Crisp—To repeal chapter 181 laws of 1901, relative to indictment of election officers in Federal courts.

By Boddie—To establish graded schools at Youngsville, Franklin county.

By Jones—To appoint justices of the peace for Johnson county.

By Scales—A resolution to appoint a sub-committee from the committee on insane asylums to visit the hospital at Morganton. The resolution was carried.

By Ellington—To define what shall constitute evidence of premeditation in murder cases.

By Scales—To allow Greensboro to pay a commission for the sale of bonds.

By Ward—To facilitate the calculation of the present worth of annuities.

The following bills were passed by the Senate:

S. B.—To authorize the board of commissioners of Vance county to issue bonds for the establishment of graded schools and erection of buildings.

S. B.—To authorize the commissioners of Chatham county to issue bonds to pay off their present indebtedness.

FRAUD EXPOSED.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & Co., Chicago, Ill.

To Tax Unmarried Men.

Nashville, Tenn., Jan. 31.—The lower house of the State Legislature today passed the Rawls bill taxing unmarried men after it had been amended so as to apply only to Dyer, the home county of the author of the measure.

## Jaws

Tightly Locked From Nervous Spasms.

Physicians Could Not Prevent Fits.

Dr. Miles' Nerve Cure My Wife.

Dr. Miles' Nerve Cure has been successfully tried in thousands of cases of nervous disorders, but never has it made a better record than when used in the treatment of fits or spasms. Thousands of testimonials prove this, and in nearly every instance the writer has stated that the fits ceased after the first dose of Nerve Cure was given. The statement is repeated in the following:

"Seven years ago my wife commenced having spasms or fits and I called in my home physician and he said she was paralytic. He rubbed her with salt water and gave her calomel and she eventually got some better, but in a short time she had another attack. She was confined to her bed for three months and the doctor could not help her. She had fits frequently, some times very severe. Her hands would cramp so we could not open them and she finally got so her jaws would become locked. Finally I saw the doctor was doing her no good and ordered a bottle of Dr. Miles' Restorative Nerve. She received so much benefit from the first bottle that I got some more. She has taken a number of bottles and she thinks very highly of Dr. Miles' Nerve and Liver Pills and is never without them. If there is any way of making this testimonial stronger so because of the good the Dr. Miles Restorative Nerve did my wife."—WM. Y. ALLEN, F. M.enville, Miss.

All druggists sell and guarantee first bottle Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

Cutting Timber Restrained.

Asheville, N. C., Jan. 30.—Judge J. C. Pritchard of the United States circuit court today granted the request of Joseph B. Obrien of Troy, N. Y., restraining Ninety Norton, B. G. Gunter and Rev. Stanton, of Madison county from cutting and taking away timber and logs from a large boundary in Madison alleged to be the property of the plaintiff. February 15th was set as the date for a hearing in the matter.

POISONS IN FOOD.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at all druggists. Try them.

Edenton had a \$3,000 fire Tuesday.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also evidence of kidney trouble; a convincing proof that the kidneys and bladder are out of order.

What to Do.

There is common knowledge so often expressed, that Dr. King's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery free, by mail, absolutely free by mail, address Dr. King & Co., 109 N. 2nd St., Birmingham, N. Y. When writing mention reading this generous offer in this paper.

### A HAPPY MOTHER

Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I felt that it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your Wine of Cardui for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

*Mrs. C. E. Wood*  
Treasurer, Young Mothers' Club.

Wine of Cardui is a powerful tonic which acts on the generative organs of women, regulating menstruation and giving tone and strength to the organs which have been weakened. It cures nineteen out of every twenty cases of bearing-down pains or ovarian trouble. Wine of Cardui cures barrenness and aids the mother in conserving her strength for the ordeal of childbirth. After that event the Wine prevents dangerous flooding and helps mother to quick recovery. Wine of Cardui is the one medicine a mother should use before and after childbirth.

All druggists sell \$1.00 bottles Wine of Cardui.

## BROUGHT BACK OLD DAYS.

Kissing Under Difficulties Reminded Professor of Something.

"Speaking of the resourcefulness of women in the matter of meeting and overcoming obstacles," said the Street Corner Philosopher, "I just saw an illustration of it, when two girls, wearing those tremendous wide brimmed straw hats, met and kissed right in the public street—aye, and hugged each other, too, without disturbing a feather of their headgear. If a man had tried to get their heads that close together for any purpose, wearing such a rig, there would have been straw and profanity scattered all the way from here to the corner. But with the girls there was a premonitory exclamation of joy at meeting, a sudden rush, a convulsive embrace, a sideways peck at each other's lips, a giggle and a squeal, and out of the mix-up emerged the two maidens as trim as you please. How they ducked under those brims is more than I can tell. It was done too quick for me to see. It reminded me some of kissing a girl in the days when they used to wear those old fashioned sun-bonnets."

"How was that?" asked the newspaper man, expecting a story.

"Young man," said the philosopher, with much dignity, "it was all right."

—Springfield (Ill.) News.

## APPE-LIKE GIANTS OF AFRICA.

Strange Race Met on Southern Shore of Great Lake.

Mr. Edward Grogan—who traversed Africa along its whole length, from the Cape to Cairo—met with a strange race on the southern shores of Albert Edward Nyanza. These fearsome, ape-like creatures, hiding behind banana palms, are tall men, with long arms and pendant paunches. Such is the stamp of the brute on them that they may be placed lower in the scale than any other African native hitherto seen. Their face, body and limbs are covered with wiry hair, while the bang of the long, powe-l arms, the slight stoop of the trunk, and the hunted, vacant expression of the face make them appear more like apes than human beings.

Northwards, near Lado, the same party came across the Dinkas, a race of giants, standing six feet six inches to seven feet in height, and magnificently developed; and in the adjoining Toroland which swarmed with elephants of gigantic size, the natives were simply stark-naked savages of inexpressible degradation of character.

FTS permanently cured. No fits or nervousness after first day's use of Dr. Kline's Great Nerve Restorer, 24 trial bottles and treatise free. Dr. R. H. Kline, Ltd., 341 Arch St., Phila., Pa.

Barris has received more than \$250,000 from his play.

Nineteen pianos, every one of which was a wedding present, are in the possession of the Prince and Princess of Wales.

## 10,000 Plants for 10c.

This is a remarkable offer the John A. Salzer Seed Co., La Crosse, Wis., makes.

Salzer Seeds have a national reputation as the earliest, finest, choicest of the earth produces. They will send you their big plant and seed catalog, together with enough seed to grow:

1,000 fine, solid Cabbages,  
2,000 rich, juicy Turnips,  
2,000 blanching, nutty Celery,  
2,000 rich, buttery Lettuce,  
1,000 splendid, early Peas,  
1,000 rare, luscious Radishes,  
1,000 gloriously brilliant Flowers.

This great offer is made in order to induce you to try their seeds, and to let you know when you plant them you will grow no others, and

ALL FOR BUT 10c POSTAGE,

providing you will return this notice, and if you will send them 25c in postage, we will add to the above a big package of the earliest Sweet Corn on earth—Salzer's Fourth of July—July 10 days earlier than Corn, Peas o' Day, etc., etc. [A. C. L.]

## Births and Deaths Decrease.

Fewer persons died and a smaller number were born throughout England and Wales last year than in 1902, while in London itself both birth and deaths were the fewest recorded for many years.

## A WOMAN'S MISERY.

Mrs. John LaRue, of 115 Patterson Avenue, Paterson, N. J., says: "I was troubled for about nine years, and what I suffered no one will ever know. I used about every known remedy, but that said I was not good for kidney trouble, but without deriving permanent relief. Often when alone in the house the backache has been so bad that it brought tears to my eyes. The pain at times was so intense that I was compelled to cease bleeding at the nose. The first box of Doan's Kidney Pills benefited me so much that I continued the treatment. The stinging pain in the small of my back, the rushes of blood to the head and other symptoms disappeared."

Doan's Kidney Pills for sale by all dealers. 50 cents per box. Foster-McMillan Co., Buffalo, N. Y.

## RUSSIANS HOPEFUL WILL CUT ACREAGE

Better News From the Seat of War

Simplifies Matters at Home

BRACES THE RUSSIAN AUTHORITIES

Gen. Kuropatkin's Repulse of the Japanese Advance is Expected to Have the effect of at Least Partially Distracting Attention From the Strike Situation—No Longer Any Doubt That the Strike is Practically Broken at St. Petersburg—Workmen Returning Unconditionally.

St. Petersburg, Special.—The news of General Kuropatkin's successful repulse of the Japanese advance comes most opportunely. The belief exists here that Field Marshal Oyama sought to take advantage of any depression prevailing in the Russian ranks as the result of the news from St. Petersburg to launch an attack against General Kuropatkin's right, but the Russian commander-in-chief seems to have nicely turned the tables, inflicting considerable loss upon the Japanese on Thursday, and taking several positions westward along the plain of the Hun river.

The authorities are receiving the news from the front with great satisfaction, being convinced that it will serve to at least partially distract attention from the strike situation and internal affairs generally.

At the same time, the strike situation generally is improving. In St. Petersburg, there is no longer any doubt that the strike is practically broken. Fourteen establishments already have resumed, and an entire starting up of factories seems to be assured for next Monday. A remarkable feature is that the men who are returning to work are not asking concessions of employers. They have seemingly turned their backs upon political agitators and accepted the government's promises in the matter of shorter hours and an equitable adjustment of their grievances at their face value.

## Kuropatkin Takes Offensive.

St. Petersburg, by Cable.—General Kuropatkin has telegraphed as follows to Emperor Nicholas:

The advance has commenced of our right flank against the enemy. We have occupied Khalatosa and Kheigoutaya.

General Kuropatkin adds: "No details have been received of the losses at Khalatosa and Kheigoutaya, which are seven versts southwest of Sandepas. We occupied Khalatosa without firing, the Japanese being bayoneted. Kheigoutaya was bravely defended, but we finally occupied it at 10 o'clock at night. Our cavalry pursued two regiments of Japanese dragoons, which fled southward. On our left flank a detachment repulsed the Japanese and occupied a defile between Khanden and Sandepas."

Supplementing the foregoing General Kuropatkin says: "From later reports, it appears that in capturing these positions, we made prisoners of 100 Japanese. We also occupied the village of Weheltals, on the Hun river, losing 50 men. On January 30, our troops continued the offensive against Sandepas. The Japanese attacked our position near the village from the south and southeast, but were repulsed. Our cavalry participated in the attack, capturing the left flank, and attacked the Japanese in the rear. Our force then attacked Sandepas, and at 7 p. m. after a desperate fight, with the assistance of our artillery, we surrounded the strong entrenchments and occupied the large village."

"The same day our troops occupied the enemy's entrenchments at Shakhle and repulsed Japanese attempts to retake them."

Shorter Hours Promised.

St. Petersburg, by Cable.—Governor General Trepoff and Minister of Finance Kokevoff issued a proclamation which reveals the government's plans for breaking the strike, not only here, but throughout Russia. The proclamation is couched in a paternal tone, and points out that honest workmen, who have brought their demands to the government, instead of being misled by agitators into affiliation with a movement which is not confined to economy aspirations. A shorter working day is promised.

WAGNER WAS TOO STRENUOUS.

Threatened to Ruin the Only Piano in Faraway Nome.

One of the characters in Nome, Alaska, was Dick Dawson, who had a saloon, dance hall and gambling hell combined, and had brought his outfit, including an automatic piano, down from Dawson City over an almost impassable route.

One day when things were rather quiet in the place, the chief and only musician on the staff, got to work with the automatic piano and pumped at the pedals in ambitious style.

He had ground out a lot of old-fashioned home and mother songs, when suddenly, without the least warning, he struck into the "Ride of the Valkyries."

When the crashing opening chords first sounded, Dawson, who was standing at the end of the bar, started and looked around to see what was the matter. Then the music took on a lighter tone, and as a delightful thrilling run sounded out in the treble he settled back to enjoy it.

Again came a crash and thump, thump, thump, as the base chords got to work again. Dawson started over toward the piano on the run.

"Don't bother yourself, Dick," said a bystander. "That's all right, that music is Wagner's."

"What's Wagner?" was the answer. "I'll kill that Oscar for letting him spoil the piano!"—New York Sun.

Blue Laws Enforced.

A Torrington, Conn., woman and her son were arrested for gathering chestnuts on Sunday and were fined \$1 and costs.

Reduction of One-Fourth is Suggested

By Cotton Convention

THE SENTIMENT WAS UNANIMOUS

A Comprehensive plan Adopted to Secure the Support of Every Grower For an Equal Decrease in Acreage, and Commercial Fertilizers.

New Orleans, Special.—What is firmly believed will be the solution of the cotton situation was reached here Wednesday, when the cotton convention without a dissenting vote declared in favor of a 25 per cent. reduction in acreage and an equal reduction in commercial fertilizer, and backed that action up with the adoption of a comprehensive plan to secure the support of every farmer, big and little, in the cotton belt. An overwhelming majority of the delegates at present when the report was received and acted upon.

At its opening afternoon session former Senator McLaurin, of South Carolina, spoke along the lines of national protection for the cotton growers, and that hereafter the cotton planter had been sacrificed to the doctrine of free market.

A reference to President Roosevelt's kindness to the South provoked a favorable demonstration on the part of the audience. Former Lieutenant Governor Jester, of Texas, said the committee on "holding and financing the balance of the present crop," presented a report setting forth that each State and local section seems amply able to finance its present holdings. The committee believed that the cotton now in the hands of the producers should remain on the farm or be stored in local warehouses, protected against weather and fire, and said that the banks and commission men evidenced a willingness to aid in marketing the balance of the crop so as to hold in check any disposition to rush in cotton unduly and break the market. Belief was expressed that 25 per cent. reduction in acreage and 25 per cent. reduction in fertilizers will solve the cotton problem.

After the convention had voted an invitation to Capt. Richard P. Hobson to speak, R. H. Jenkins, of Texas, was recognized to read the report of the committee on acreage, which the convention had voted to be of paramount importance. The report follows:

To the Hon. Harvie Jordan, Chairman Interstate Cotton Growers:

"We, the committee on acreage and fertilizers, do recommend that acreage planted in cotton in 1905 shall be 25 per cent. less than in 1904, and that there shall be a reduction of 25 per cent. in the use of commercial fertilizers in growing cotton. We recommend the following plan for the accomplishment of said reduction:

"First, That the vice presidents of this association call a meeting of all persons interested in cotton on the 11th day of February, 1905, in the county seat of each county not already organized, on the plan herein set out, at which meeting there shall be elected a committee of three, one from each county, and a chairman for each school district or other small political subdivision of the county.

"Second, That there shall be held in each school district or other small political subdivision of the county on the 15th day of February, 1905, at 10 o'clock p. m., a meeting of all citizens of said district or other small political subdivision who are interested in the growing of cotton, which meeting shall elect a committee of three on acreage and membership.

"Third, At said precinct meeting the farmers and land-owners present shall be asked to sign the following agreement: We, the undersigned farmers or land-owners, living in school district or precinct No. . . . of . . . State of . . . , hereby pledge ourselves to reduce the acreage planted by us in cotton and to reduce our consumption of fertilizers in growing cotton, as shown by the statements set opposite our names and signed by us, to the following:

"Fourth, That said committee on acreage and membership shall immediately canvass said district and ask all farmers and land-owners in said district who do not attend such meeting, to sign said pledge, and said committee shall return said pledge to the chairman of said precinct.

"Fifth, Said precinct chairman shall preserve said pledges, and they shall immediately report to the county chairman showing the total number of acres planted in cotton in said precinct in 1904, and the total number to be planted in cotton in said precinct in 1905, the total amount of fertilizer used in growing cotton in said precinct and the total amount to be used in said precinct in said years.

Fire in Russian Navy Yard.

Savastopol, by Cable.—The vast admiralty works here caught fire Monday. The fire broke out immediately after the second signal for beginning work was given at 7 a. m. The flames burst simultaneously from different parts of the works, and the whole building was so quickly involved that men in the modeling department barely escaped by jumping out of the windows. Energetic measures prevented the flames extending to the docks. The fire was under control at 1:30 p. m. The cause of the fire is unknown.

Strikers Quiet at Moscow.

Moscow, by Cable.—The day passed with complete quiet, the strikers generally remained quietly indoors and not visiting the heart of the city. The Tverskai has resumed its normal appearance. Several mills are reported to have offered an increase of wages to their employees. In the industrial district, no factories are in operation in the whole region south of the river, with the exception of one large establishment, which was quietly dismantled, in order to prevent possible intimidation of workmen; but there was no attempt at such intimidation.

Colorado Copper Deposits.

Mineral experts believe that huge deposits of copper will be opened up along the line of the Denver, North-western & Pacific railroad, the new "Moist Short Line" from Denver, Colo., to Salt Lake City. Seven lakes near where the road crosses the range are filled with a greenish water, and their rocky banks are also of a green hue, which apparently denotes the presence of copper. Experts are making preparations to examine the territory.

## Source of Ivory Supply.

During a recent visit to the London docks the queen of England was informed that the stock of ivory there shown represented, on an average, the annual slaughter of some 20,000 African elephants. This statement has been contradicted. One importer states that at least 85 per cent of the supply is "dead ivory," mainly obtained from hoarded stores of African chiefs, who are shrewd enough to put their commodities on the market only in dribbles. The most interesting part of the letter is, however, the statement that the great bulk of this hoarded ivory is obtained from "elephant cemeteries"—spots met with here and there in the jungle, where elephants have resorted for centuries to die. Much of the ivory that comes to the market may, therefore, according to this letter, be several hundred years old.

Apple Tree's Strange Freak.

An apple tree in the garden of Van N. Bass in Plymouth, N. H., bears on one side Baldwin apples and on the other russets, while in the center are apples grown of a mixture of both varieties, equal parts. This tree was never grafted with any kind of fruit.

"People who live at a rattling pace usually have many loose joints."

Insurance Co.'s Care for Consumption saved my life three years ago.—Mrs. Thomas Ross, Maple St., Norwich, N.Y., Feb. 17, 1903.

Seven of the greatest mountains have never been climbed.

Itch cured in 30 minutes by Woolford's Sanitary Lotion. Never fails. Sold by all druggists. \$1. Mail orders promptly filled by Dr. E. Detenon, Crawfordville, Ind.

Only one man in 700 pays an income tax in India.

A Negligible Quantity.

"But how did you manage to make so much money when you had only one oyster shell to serve?"

"Oh," replied the pretty church-fair waitress, "you see, every time we served it it was sent back."—February Lippincott's.

Taylor's Cherokee Remedy of Sweet Gum and Mullen is Nature's great remedy—Cures Coughs, Colds, Croup and Consumption, all throat and lung troubles. At druggists, 25c., 50c. and \$1.00 per bottle.

Male Shoppers Preferred.

"Saleswomen would rather wait upon ten men customers than one woman," said the floor manager of experience. "There is no question but men make the best and most agreeable shoppers. They know what they want, are easily suited and are not fussy. They have a genial way that makes them easier to satisfy than women are. Their manners are not so stiff."

"No man ever crushes a salesgirl with a haughty stare. Men seldom haggle over prices. They may easily be persuaded to buy a higher priced article if they have the money, and you can convince them they are getting their money's worth. Men show good taste and judgment in buying articles they know little about. Their fondness for large sizes borders on the ridiculous, sometimes. Shoes, gloves, shirts—they want them all with ample room."

"It is a pity most men seem to feel uncomfortable and out of place in a store. Persons who sell goods would like to see them often."—New York

Novel Action to Insure Marriage.

In the harbor of the little village of Ploumanach, in the Cote-du-Nord, is an islet of rock which can be reached at low tide. It is surrounded by a shrine of St. Guirec, who is said to have landed here from Britain in the sixth century. There are two rude statues of the saint, one of which is of wood.

To this statue on St. Catherine's day, come the young women of the neighborhood, who, following an old tradition, stick pins into the statue, in order that they may be married before the end of the year.—London Graphic.

A FELLOW FEELING.

Why She Felt Lament Towards the Drunkard.

A great deal depends on the point of view. A good temperance woman was led, in a very peculiar way, to revise her somewhat harsh judgment of the poor devil who cannot resist his cups, and she is now the more charitable. She writes:

"For many years I was a great sufferer from asthma. Finally my health got so poor that I found I could not lie down, but walked the floor whilst others slept. I got so nervous I could not rest anywhere."

"Specialists told me I must give up the use of coffee—the main thing that I always thought gave me some relief. I consulted our family physician, and he, being a coffee fiend himself, told me to pay no attention to their advice. Coffee had such a charm for me that in passing a restaurant and getting a whiff of the fragrance I could not resist a cup. I felt very lenient toward the drunkard who could not pass the salubrious odor of a good cup of coffee. But, I turned a deaf ear, saying: 'That may do for people to whom coffee is harmful, but not for me—coffee and I will never part.'"

"At last, however, I bought a package of Postum, although I was sure I could not drink it. I prepared it as directed, and served it for breakfast. Well, bitter as I was against it, I must say that never before had I tasted a more delicious cup of coffee! From that day to this (more than 2 years) I have never had a desire for the old coffee. My health soon returned; the asthma disappeared, I began to sleep well, and in a short time I gained 20 pounds in weight."

"One day I handed my physician the tablets he had prescribed for me, telling him I had no use for them. He stayed for dinner. When I passed him his coffee cup he remarked, 'I am glad to see you were sensible enough not to let yourself be persuaded that coffee was harmful. This is the best cup of coffee I ever drank.' When he got his second cup I told him he was drinking Postum. He was incredulous, but I convinced him, and now he uses nothing but Postum in his home, and has greatly improved in his health. Name given by Postum Co., Battle Creek, Mich."

Look in each package for the famous little book "The Road to Wellville."

Impartial Choice.

Ruby, who was dining with her elders, was given her choice of her favorite desserts.

"Which will you have, Ruby, ice cream or jam?" her indulgent father asked.

After a moment's hesitation she said, "Give me a little of each and a lot of both."—February Lippincott's.

## White Geese Out for Airing.

The unusual spectacle of a couple of perfectly white geese out for an airing with their owner is frequently seen about Medford. The birds waddle along at the man's heels, seemingly interested in all that goes on around them, but never swerving an inch to one side or the other.

Frisking around this queer lot is a little terrier; but the geese do not seem in the least afraid of him. First he bounds ahead of the group to investigate something which has aroused his curiosity. Then, as if he had just recalled an imposed duty, he trots back and takes up his position in the trail of the birds.—Boston Globe.

## WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

Miss Kate McDonald

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs, which manifests itself in depression of spirits, reluctance to go anywhere or do anything, headache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhea.

These symptoms are but warnings that there is danger ahead, and unless headed a life of suffering and serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes:

"I think that a woman naturally dislikes to make her troubles known to the public, but restored health is meant so much to me that I cannot help from telling mine for the sake of other suffering women."

"For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me feel strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for a special advice—it is free and always helpful.
